

Kingbird Farm Garlic 2010

We have several varieties of Hard and Softneck Garlic available for eating (table stock). Prices are for garlic picked up at the farm or the Ithaca Farmers Market.

Rocamboles- We have grown this hardneck type for the last 5 years with good consistent results. \$7.00/lb

“**Kingbird**” softneck- This is an unknown variety of a softneck that stores well. \$7.00/lb (table stock)

Seed Stock (planting)-\$8.50/LB-available in September

(The seed stock is generally larger than the table stock and inspected by us to be free of disease. All the varieties we sell have performed well at our farm and proven to be winter hardy.)

Rocamboles- Hardneck, dependable producer of high quality garlic

German White- Hardneck, produces heads with very large cloves

“**Kingbird**” **Softneck**- Softneck, unknown variety, dependable producer. Unlike many softnecks that don't perform well in this area, this variety does well and produces large heads.

We will also have a few other softnecks that have done well for us.
